Growth Strategy

Favorable Market Conditions

Traditional rules are changing and barriers to entry for new businesses to service specific investors and issuers are lowered

Technology

- Improving analytics for decision-making
- Increasing choices for investors and issuers
- Raising costs for competitors

Regulators

- Higher capital requirements
- Large penalties on major players
- Higher compliance requirements
- Higher taxes and tax reporting requirements
- Greater transparency overall

Issues

- Sizeable infrastructure needs in developed countries, and growing needs in developing countries
- Local and federal governments burdened by social costs
- Smaller and mid-sized companies lacking access to credit
- Private equity seeking new places to invest
- Short-term uncertainty about impact of Fed raising rates
- Tax increases could impair ability to raise capital

Market Opportunity

Investors

- Sovereign wealth and pension funds with larger role in capital markets
- HNW and sovereign wealth funds with high growth trajectories
- Huge intergenerational transfer of wealth imminent
- Urgency to improve returns with lower volatility
- Taxable investors exposed to higher tax rates and greater reporting burdens
- Seeking advice to solve specific problems

Competitors

- RoE significantly impaired since global financial crisis
- Reducing balance sheets, costs, eliminating products and businesses
- Spread businesses impeded by historically low interest rates
- Regulatory burdens raising costs of doing business

Enhancing Business Lines

Use increased size and prospects to attract new talent, and to improve performance through sharing of relationships and capital access in the short-term to improve financial results

Attracting Specialized Talent

- ✓ Senior leadership team
- ✓ New insurance sales teams
- ✓ Private equity team
- ✓ Experienced municipal finance team
- ✓ Equity desk
- ✓ Hedge funds of funds
- ✓ Emerging manager fund
- ✓ Insurance expertise in Europe and Caribbean
- ✓ Pursuing specialty derivatives team

Leveraging Relationships

- ✓ Washington DC access
- ✓ Sovereign wealth funds
- ✓ Corporate and institutional contacts
- ✓ US government agencies
- ✓ Asset back securities agent
- ✓ Deep municipal and tribal government relationships
- ✓ Minority driven investment opportunities

Improving Capital Structure

- ✓ June 2015 capital increases of \$11 million
- ✓ Access to capital from insurance businesses
 - ✓ Launching permanent capital vehicles
- ✓ Enabling operating companies to pursue larger clients & deals

Driving Long-Term Growth

Four-pronged strategy to drive growth over the long-term led by distribution and driven by client relationships

Distribution

- Deepen and build relationships in each segment:
 - HNW
 - Pension funds
 - Sovereign wealth funds
 - Small and mid-sized enterprises
- Leverage status in US with minority-owned businesses

REACH

Advisory Services

- Establish role as "trusted advisor"
- Analytical and administrative services to financial advisors and investment consultants
- New forms of research for buy side clients
- Focus on SMEs in specific segments

Asset Management

- Develop specialties and boutiques
- Niches in fixed income and US equities
- Specialized alternative funds
 - Private equity in Europe for SMBs
 - Emerging managers
 - Real estate in select markets

Banking

- Develop select capabilities and expertise
- Financing activities:
 - Capital raising for municipalities and SMBs
 - Asset disposals
 - Specialized financing, e.g. commissions for brokers
- Capital markets
 - Low-cost execution services for hedge funds

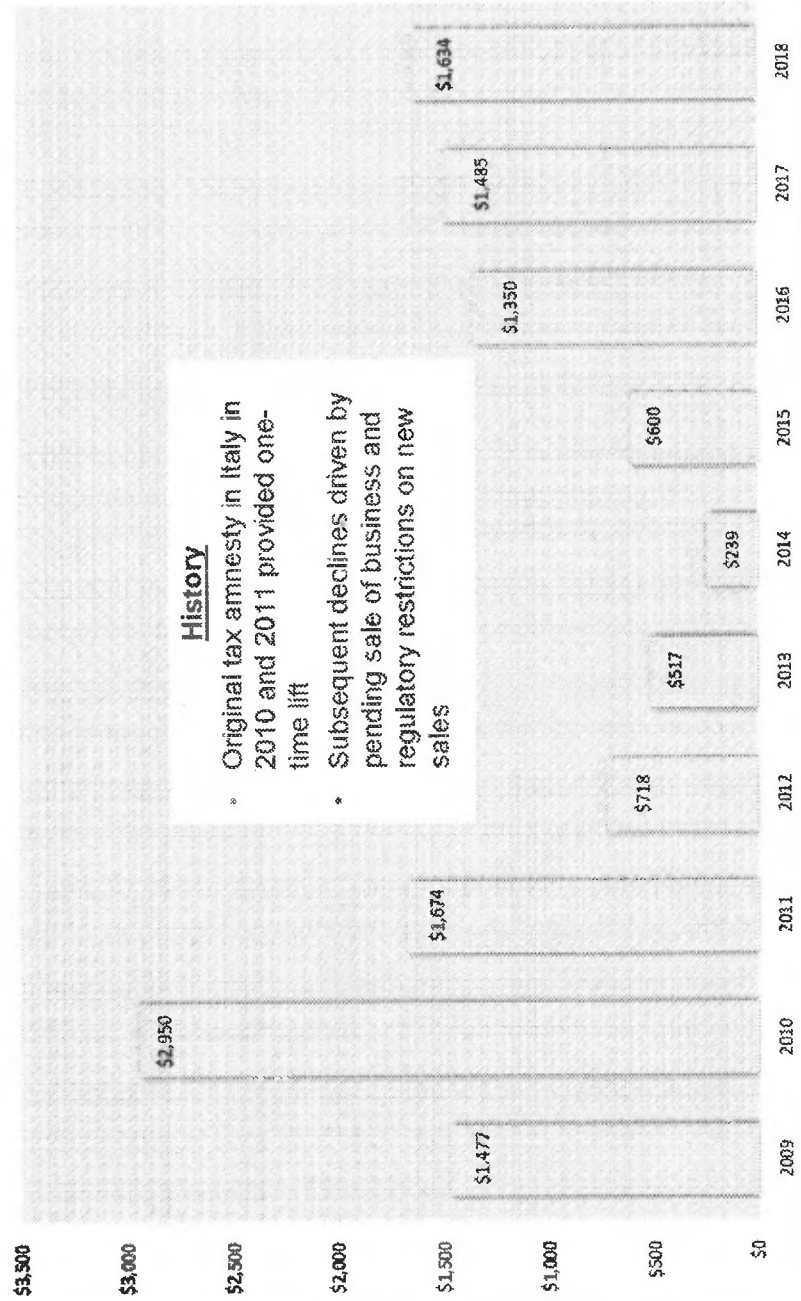

SOLUTIONS

Insurance – Gross Written Premiums

Expectation that GWP return to historical levels due to several catalysts

GWP Forecast & Actuals \$M

History

- Original tax amnesty in Italy in 2010 and 2011 provided one-time lift
- Subsequent declines driven by pending sale of business and regulatory restrictions on new sales

Catalysts

- Strong pipeline in 2015-16 for Valor Group LTD:
 - Resumption of business with large distributor
 - Hired Lombard sales team
 - 3 new distributors
 - Italian tax amnesty
- Growth in future years to be achieved through:
 - Territorial expansion
 - Addition of other distributors
 - Expanded array of offerings available to policyholders
 - Continued growth of wealth market, especially UHNW
 - Wealth transfer between generations

Fee Revenue Projections

High revenue and margin growth expected

- Catalysts**
- Includes all entities in insurance, AM, banking
 - Fees and commissions growth in insurance in line with GWP growth (previous slide)
 - Pipelines for AM and banking
 - AM through expanded distribution for mutual funds
 - Banking in muni finance and capital raising, EQ trading
 - Cross-selling of AM through insurance channels
 - Greater leverage of minority ownership in US
 - Margin improvements
 - Achieving scale
 - Shift to higher margin products, e.g. alternatives
 - New accretive acquisitions
